

# AMERICAN BIG GUNS DROP SHELLS ON MAIN GERMAN RAILROAD LINE

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 29.—8 p. m.—(By The Associated Press)—The American big guns cracked down on the main line of the railroad in the region of Conflans today, and also shelled a large enemy troop concentration in the neighborhood of Mangiennes.

The Conflans line is important because it extends from Germany's principal communication line to Metz.

When a troop concentration was reported in the region of Bois de Villers and Mangiennes the guns were turned in that direction, hurling projectiles weighing approximately 1,500 pounds each.

The big guns inside the American lines shelled the territory around Spincourt and Dommary-Baroncourt, both important railroad junctions.

American aviators successfully bombed two points today where German troops were being assembled. In the morning a squadron of bombers accompanied by protecting machines, dropped projectiles on Montigny. The troops scattered and an ammunition dump was set on fire; the railroad yards were also damaged.

In the afternoon about fifty bombers attacked Damvillers, where other troops were concentrating; observers reported a number of hits. About forty pursuit planes accompanied the bombers and engaged in many combats. Nine German machines were brought down. Three American planes are missing.

While protecting the American bombers this afternoon Captain James A. Meisner of Brooklyn, downed a Fokker in the region of Bantheville, making his score up to the present eight machines. Lieutenant Samuel Kaye, of Columbus, Mo., also downed a Fokker in the region of St. Georges. This was Kaye's fourth aerial victory.

**Americans Improve Positions Near Aincreville.**

The American troops improved their positions in the region of Aincreville and east of the Meuse today. The artillery was very active on both sides, the Germans using heavy guns from various parts of the front, shelling Verdun, which now is almost a daily occurrence.

Around Wavrille the Germans attempted a local counter-attack but were repulsed. An officer and four German privates were taken prisoner. There was fierce fighting near Belleu Wood, which the Americans hold.

The Americans replied to the enemy batteries around Bois L'Ecuire, Reville and Chamont. The Germans also shelled Bantheville and Cunel.

Fires burned most of the day in the neighborhood of Dun, Andre, Andreanne and Doulecon, which are believed to have been caused by American bombs or shells. There are no indications that the Germans are withdrawing. The Americans have consolidated their positions in the Grand Pre sector, firmly establishing themselves on the southern edges of Bourgogne wood. Talmo and Bellejoieuse farm are in No Man's Land.

**Aviators Bring Down Eighteen Planes.**

Eighteen enemy airplanes were shot down during the day by American aviators. Five machines were lost in carrying out important reconnaissance missions.

The artillery fire on the Verdun front was heavy today and there was much machine gun fire as well, west of the Meuse, especially north of St. Juvin.

## Civilians In Panic Along Lower Rhine

LONDON, Oct. 29.—[British Wireless Service.]—Civilians in the lower Rhine and part of Westphalia which were begun on a small scale when the first Allied bombs hit Cologne, have developed into a panic flight, according to The Hague correspondent of the Daily Mail. All the banks are being stormed by depositors who are withdrawing their savings in German bank notes of as high a value as are obtainable the 100 mark note having an appreciable market value over lower currency. Not only are some of the banks at their wits end for legal currency to pay out deposits, but in places, especially Cologne and Dusseldorf, all except local currency has disappeared. Everybody who can possibly afford it, is trying to make his or her way eastward.

Even in Berlin financial panic has seized the people and the ordinary currency of the empire has vanished. The municipality has been compelled to issue emergency currency to the value of about fifty million marks, valid until Feb. 1 next with the confines of Berlin. Tradesmen may refuse to accept this currency or at least, decline to change the notes.

The big German banks have published flaming appeals to "our fellow citizens not to withdraw deposits and not to hoard currency notes. But the rush on the banks has grown worse than ever. The working population of Cologne seeing the war factories closed down, big houses evacuated and eastbound trains crowded with well-to-do fugitives are demanding immediate peace more insistently than ever. A manifesto which has been issued by a section of the social Democrats declares that if the emperor does not voluntarily abdicate he will be removed. It says, "If the necessity arises and the hour comes the organized masses of labor with strong middle class support will remove every hindrance to peace which does not voluntarily yield to the will of the huge majority of the people."

## SERIOUS RIOTING AT BUDAPEST

LONDON, Oct. 29.—Serious rioting took place at Budapest on Monday evening, according to a Budapest despatch to the Vossische Zeitung of Berlin, which is quoted in the Exchange Telegraph Company. Many lives are said to have been lost.

A deputation was sent by the party of Count Michael Karolyi to the castle at Budapest to ask Archduke Josef to appoint Karolyi premier, it is said. A great crowd followed the deputation and attempted to break through the military guard. Severe fighting followed the soldiers using machine guns and bayonets. A large number of people were killed and the fighting was still in progress when the telegram was despatched at nine o'clock Monday evening.

The correspondents adds that the republican movement is growing and that a general labor revolt may be expected at any moment.

## AUSTRO-HUNGARIAN IS PLACED UNDER ARREST

## Hughes Deplores Wilson's Recent Appeal to Public

NEW YORK, Oct. 29.—Calling for National unity after the methods of a republic and not an autocracy and deploring President Wilson's assumption that only the return to Congress of a Democratic majority would uphold his national leadership, Charles E. Hughes declared in an address here tonight that bipartisan support alone "would save the president from the lesser dignity and influence of mere party leadership."

Speaking at the Union League club Mr. Hughes declared that "No political party was paramount in patriotism" and that Republicans had a right to express their political preferences. Continuing he said:

"Must we Republicans patriotically toil and give without seeking a voice in the national assembly, yielding our representation to Democrats not as more worthy or more loyal, not as more sacrificing or more intelligent, but to Democrats as such, simply because they are Democrats."

Mr. Hughes emphasized the need for complete victory in the war, the crushing of arbitrary and tyrannical military power and the dawn of the new era of peace and justice. "Did I not think that the Republican party would, thru its representatives, aid in the efficient conduct of this war and in the settlement of a righteous peace, I should leave the party," he asserted. "It is because I believe that the Republican party is an important and necessary agency in the winning of this war and in establishing a just peace, that as a Republican I join with you in the earnest support of the Republican candidates."

"Let there be fair and open discussion and free consultation and then we can trust the future. With the country almost equally divided between two parties, the freest expression and choice of representatives should be welcomed."

"But is said that the return of a Republican party majority will be misunderstood abroad."

"We shall not be misunderstood. We shall support the president not as the president of a party, not as the president of the nation, but as the president of the entire nation, as he acts according to the genius of our institutions."

## FIRST U. S. AVIATOR TO ESCAPE FROM GERMANY

Tours, France, Sunday, Oct. 27.—(By The Associated Press.)—Lieutenant George Puryear, the first American aviator to escape from Germany, arrived at Tours where he was received at the aviation headquarters. Lieutenant Puryear last July brought down a German plane and thinking he was over French territory followed the plane to the ground. He was surrounded and ordered to surrender and then discovered he had landed inside the German lines. While in Germany the lieutenant was an inmate of several prison camps. After escaping he passed thru a thickly populated section of the country.

# AUSTRIA IN NOTE TO SEC. LANSING REQUESTS IMMEDIATE ARMISTICE

VIENNA, Oct. 29.—Via Basel—Austria-Hungary thru her new foreign minister, Count Andrássy, has sent a note to Secretary of State Lansing requesting the secretary's intervention with President Wilson for an immediate armistice on all fronts and for the commencement of peace negotiations.

The Austro-Hungarian government has communicated its latest note to the French, British, Japanese and Italian governments, begging the approval and support of these nations.

## TEXT OF LATEST AUSTRIAN NOTE.

The note says: "Immediately after having taken direction of the ministry of foreign affairs and after the despatch of the official answer to your note of October 18, 1918, by which you were able to see that we accept all the points and principles laid down by President Wilson in his various declarations and are in complete accord with the efforts of President Wilson to prevent future wars and to create a league of nations, we have taken preparatory measures, in order that Austrians and Hungarians may be able, according to their own desire and without being in any way hindered, to make a decision as to their future organizations and to rule it."

"Since the accession to power of Emperor King Charles his immovable purpose has been to bring an end to the war. More than ever this is the desire of the sovereign of all the Austro-Hungarian peoples who acknowledge that their future destiny only can be accomplished in a pacific world, by being freed from all disturbances, privations and sorrows of war."

"This is why I address you directly, Mr. Secretary of State, praying that you will have the goodness to intervene with the president of the United States in order that in the interest of humanity, as in the interest of all those who live in Austria-Hungary, an immediate armistice may be concluded on all people and for an overtone that immediate negotiations for peace will follow."

## WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

In the Italian theater over a front of nearly forty miles from the Brennero to the middle reaches of the Piave River, the British, French and Italian armies are developing with success an offensive against the Austro-Hungarians and are swiftly driving them from the mountain passes toward Austrian frontier and across the plains east of the Piave in Northern Italy. American reserves are behind the lines prepared to aid the Allies when the opportune moment arrives.

On all of the other battle fronts the Allied arms continue to be served. In Belgium there has been little fighting except by the artillery wings of the opposing armies while in the region around Valenciennes the engagements between the British and Germans have savored more of outpost encounters than pitched battles. In whatever fighting there has been however Field Marshal Haig's men have retained the upper hand and taken more prisoners and additional guns and war stores.

Further south the French are continuing successfully their process of leveling the old salient between the territory east of St. Quentin and Rethel. Additional progress has been made by General DeBenedy's troops not withstanding the violent resistance of the Germans, who all along the front using machine guns to retard the advance of the Frenchmen toward the important lines of railway communication to the east. On some sectors the Germans are slowly retreating, but nowhere are the French patrols permitting the enemy to get out of contact with them. There has been little fighting on that part of the front held by the Americans from the Meuse river to the vicinity of Grand Rapids. The Germans have been heavily bombing the American positions with shells of all caliber including gas projectiles, with the Americans answering them shot for shot.

The new big guns of the Americans are violently shelling German positions far behind the lines taking under their fire towns of strategic importance from the standpoint of communications and troop formations preparing to be sent as reinforcements to salient points of the crumbling battle line.

Conditions lying to the west of Metz and the principal junction point of communication with the big fortress on the Moselle and Spincourt and Dommary-Baroncourt, also important railroad junctions, all were under a particularly heavy fire from the American guns thru Tuesday. In addition American aviators continually are lending their aid to the big guns in the process of blasting enemy positions and troops concentration points inside the German lines. In latest operations by the aviators nine German machines were sent crashing.

Large numbers of prisoners and numerous guns have been taken by the allied troops in the big battle that is in progress on the Italian front. The Allies, particularly the British, are well

across the Piave river from where the battle line in the mountains curves and trends southward toward the Adriatic. The latest British official communication announces that the opposition of the Austro-Hungarians appears to be weakening in the face of the attacks of the British rearmy which is successfully driving northeastward. Reports are to the effect that an independent state has been formed in Hungary. There are also reports that Turkey has made an independent peace proposal.

## CAMPAIGN FINANCE RETURNS COME SLOWLY

Many Candidates Failing to Comply With Law Governing Filing of Reports—Wide Variations in Campaign Financing is Shown.

Washington, Oct. 29.—Returns to the secretary of the senate and clerk of the house on campaign contributions and expenditures are coming in slowly and indicate that many candidates are failing to comply with the law requiring their accounts to be in the mails not less than ten days before the general elections.

The records today showed about half of the senatorial accounts and a large number of those from the house are missing. Wide variations in campaign financing are shown in the individual statements already filed. In the southern states where Democratic nomination is equivalent to election, many candidates reported their principal expenditures in the primaries and nothing spent since.

In the northern and western states several candidates have filed reports that they personally have received and spent nothing.

Henry Ford's pre-election report states that he has "not received or expended any sum of money or other thing of value for or in connection with the presidential election," and has made no promises or pledges of any character. The non-partisan Ford for senate club, Mr. Ford states, received \$581 and spent \$335. His opponent, Mr. Newberry, states he has not given, contributed, expended, received, used, or promised any money or anything of value nor authorized their agent with his knowledge or consent.

## TO PUT OLDER MEN IN SHAPE FOR SERVICE

WASHINGTON, Oct. 29.—Older drafted men are to be put into shape for service through modified physical training exercises less arduous than the course designed for met between 21 and 31. Camp commanders were ordered today to train the older men gradually, especially in the early stages, so they will suffer no ill-effects from too strenuous exercise or overwork.

## INTEREST ON FARM LOAN BONDS REDUCED

Washington, Oct. 29.—Farm loan bonds in the future will bear only 4 1/2 per cent interest instead of 5 per cent, carried by the last block of more than \$50,000,000 offered last May, it was stated today. Since these bonds to be issued soon will be absorbed entirely by the treasury however, the reduction will have little practical effect upon the market.

# Thousands of American Planes Now in France

WASHINGTON, Oct. 29.—Production of American aircraft now has reached a stage when it is being limited practically only by facilities for transporting the airplanes to France. The production of Liberty Motors during the month of October reached a stage of one thousand a week, a goal which had not been hoped for at so soon until December.

The latest official compilations show that since June 1, approximately 2,500 fighting airplanes of all descriptions have been shipped to the American forces in France. When it is realized that none of the belligerents at any one time since the beginning of the war has had more than 3,500 airplanes actually in service the significance of an American production of 2,500 planes in five months becomes apparent. These 2,500 planes included nearly one hundred and fifty heavy bombers and the remainder were planes of all classes including observation machines and day bombers.

Reports from all the production centers show the results rapidly growing.

Tonight's reports showed that there were more American airplanes awaiting shipments at ports of embarkation that could be loaded.

In speaking of fighting airplanes, the single seated biplanes which are fought the spectacular duels of the air is not included. These types are changing so rapidly that officials say it never will be practical to build them elsewhere than almost upon the battlefield. All the American built planes are fighting planes, armed and equipped to care for themselves on duty for which they are designed.

## URGES RETURN OF DEMOCRATIC CONGRESS

Secretary Daniel in Address at Providence, R. I., Charges Republicans With Having Forgotten Their Duty as Americans—Declares Securing of Permanent Peace Only Issue.

Providence, R. I., Oct. 29.—Secretary of the Navy, Daniels, in an address here tonight urging the return of a Democratic congress in the elections next Tuesday said Republican politicians in their desire to get control of the senate and house have forgotten their duty as Americans. They have raised false cries, he asserted, in the hope of getting the people to forget the one dominating issue.

Never during the prosecution of a war, said Mr. Daniels, have the people denied to their president the co-operation and aid of a congress in harmony with the policy to which the republic is solemnly committed and never until this year was "the pecksniffian cry raised by any party: You must elect a Republican congress to uphold the hands of a Democratic president."

"During the months that the president and leaders of his party have been busy with policies to win the war," continued the secretary, "Republican politicians and reactionaries would be profiteers have been thinking of nothing but capturing congress. Such would-be profiteers have called upon their fellow reactionaries to put up more money to carry congress this year than we spent in 1916. Why? They try to camouflage the people by saying they don't like the brand of notes coming from Wilson's typewriter. No more does the Kaiser or the Junkers. But Great Britain, France, Italy, and all Democratic nations in Europe endorse them and make them their own."

"Let the people know the secret of the 'Big Money and reactionists are putting up to elect a Republican congress.' These men from Plunderland are not thinking about patriotism but about getting rich. They are not thinking about securing permanent peace or even about war. They are thinking about after-the-war and they are straining every nerve to secure a congress that will repeal or destroy the wholesome legislation and progressive steps which have marked Wilson's administration."

"Is America to bring the war lords to her knees and lead in securing permanent peace?"

"That is the only issue. Woodrow Wilson is the chosen leader of America. His fourteen demands in his address of January 8th, has been endorsed by every disinterested statesman in the world. It is the greatest utterance of the war. The war will not end until those fourteen principles are secured."

## WILL OF PUBLISHER FILED FOR PROBATE

MINNEAPOLIS, Oct. 29.—The will of W. J. Murphy, publisher of the Minneapolis Tribune, who died in Chicago recently, was filed for probate today. The estate is worth \$1,000,000. One-third of the estate is bequeathed to the widow and the remainder will become a trust fund to provide for various annuities and endowments.

The will provides for a fund to organize and maintain a school of journalism at the University of Minnesota.

# AUSTRIA'S PLEA FOR ARMISTICE UP TO THE ALLIED GOVERNMENTS

WASHINGTON, Oct. 29.—In the absence of any official announcement there was a somewhat widespread impression here tonight that Austria's renewed appeal to President Wilson for an armistice and peace would be transmitted to the allied governments before which Germany's request has been placed.

There was some disposition to accord different treatment to the Austrian plea because of the complex problems arising from the new conditions that apparently have developed in the dual monarchy since the president replied to Austria's original request. The official text of the Austrian note was delivered to Secretary Lansing today by the Swedish minister soon after the regular Tuesday meeting of the cabinet at which it was understood the official version as transmitted by The Associated Press from Basel, Switzerland, was given consideration. Officials stated that they could not indicate what disposition would be made of the note in advance of a careful study of the official version.

The text at the Swedish legation was in French and it has not been translated at the state department. It was said there that it did not differ essentially from the unofficial as received from Switzerland. No indication was given as to when the translation would be made public.

## Would Establish Independent State of Austria.

Those adhering to the opinion that different treatment should be accorded to the Austrian request than was given the plea of the German government pointed to cable despatches today reporting the establishment of the independent state of Hungary; of the recognition by that state of the independence of the Czechoslovak provinces and also of German-Austria as suggesting the introduction of complex factors into the problem of settling with the dual empire. Even if each of the many nationalities that make up that empire becomes independent before peace is arranged it was said that they still must bear their individual shares of the responsibility for the acts committed by the empire. It is believed that the American government will not be diverted from the pursuit of its main object by the consideration of these individual uprisings in Austro-Hungary.

The best informed entente officers on duty here firmly believe that Germany would not attempt to fight on with Austria out of the war. The greatest fear the Germans have, they say is of invasion of German soil and in the end, they believe, Germany will capitulate rather than face that contingency.

## Surrender by Austria Would Release Italians.

Assessing the probable results of Austrian surrender, officers pointed out that it would release the Italian army for operations elsewhere.

Unless Turkey has already dropped out of the fight by that time it would seem logical, it was said to expect that these forces would be turned at once to pressing the campaign against Constantinople. With Turkey also out the two Italian divisions now in France would be quickly supplemented and another great army erected on that front to crush the wavering German lines.

One result of Austrian capitulation which cannot be gauged reliably in advance is the situation of the thirty or more German divisions in Russia. The German general staff is known to have reduced the German forces in Russia to what was regarded as the minimum of safety when the spring drive in France was prepared. Recently it has been learned that some of the divisions left there had been brought hastily to the western line and several were hurried to the Danube front.

Lacking Austrian help in Russia, the situation of the German forces there would appear to be perilous and officers say it would become vitally necessary that they be so disposed as to rest upon the Russo-German frontier. That would mean a great curtailment of Russian territory they could police and complete evacuation of Russia by the Germans was regarded as the logical result.

## IN THE MIND

Saving money, like every other good act, BEGINS IN THE MIND. Set it down as a principle from which you will never depart that a certain portion of all you make shall be saved. Cultivate this habit of thought. Thoughts are things. And the most fruitful seed in the efficient mind is the constant thought of thrift.

AUSTRIA OBLIGED TO  
ACT SEPARATELY

Basel, Switzerland, Oct. 29.—A semi-official note issued at Vienna today on Austria's reply to President Wilson says:

"Austria was obliged to conform to the methods of President Wilson who had successively replied to three members of the triple alliance, and act apart from her allies. The monarchy, which has formally adopted President Wilson's line of action shares his opinion as was shown by the emperor's manifesto to the peoples which, in reclaiming the federalization of the monarchy exceeded President Wilson's program."

"However, the complete reorganization of Austria can only be carried out after an armistice. If Austria-Hungary has declared herself ready to enter into negotiations for an armistice and for peace, without awaiting the result of negotiations with other states, that does not necessarily signify an offer of a separate peace. It means that she is ready to act separately in the interests of the re-establishment of peace."

STIMUL UNDERMYER  
FLAYS REPUBLICANS

New York, Oct. 29.—Addressing a rally tonight in Tammany hall, Samuel Undermyer charged Republican leaders throughout the nation with conducting "a campaign of hypocrisy and misrepresentation to rob President Wilson of his magnificent handiwork and to dim the glory and prestige of the nation, lest the opposition party thereby suffer in influence."

Mr. Undermyer added: "Not daring to refuse the president men or money with which to conduct the war the Republicans have never lost an opportunity for carping criticism and one cannot resist the feeling that their leaders in congress are ever watchful and alert for an opportunity to make political capital by embarrassing him whenever a decent pretext can be found or invented."

SOCIALIST DENIED  
WRIT FOR INJUNCTION

Chicago, Oct. 29.—Federal Judge K. M. Landis today denied to William Gross Lloyd, Socialist

candidate for the United States Senate from Illinois, a writ to a temporary injunction against Postmaster W. B. Carlisle restraining him from holding up his campaign literature for use in the November election. The court held that the reading matter in the various folders and pamphlets was of such a nature as to have a tendency to discourage enlistment and create dissension among United States soldiers by causing them to believe that this is a capitalists' war. An appeal will be taken to the circuit court of appeals.

INDICTMENT AGAINST

## DEATHS

## Rollington.

Mrs. John D. Rollington of Quincy who is in this city nursing Mrs. E. M. Henderson, who is quite ill of the prevailing epidemic, has been notified of the death and burial of her husband at Marcus Hook, a nearby town to Philadelphia, Pa.

John D. Rollington several years since came to Jacksonville from his former home in Baltimore, Md., and was a solicitor for an insurance company. He later took up a canvas for the Youth's Companion in which work he continued for four years.

March 2, 1914 he was united in marriage to Miss Myrtle, daughter of Mr. and Mrs. Samuel Nunes, residing on Myrtle street, this city, and soon after this removed to Quincy, here they resided at 835 1/2 North 6th St.

Mr. Rollington, six weeks ago volunteered as a worker in a chemical plant at Marcus Hook, Pa., which is engaged in the manufacture of high explosives for the government. While engaged in this factory he was taken with the prevailing epidemic—influenza which developed pneumonia and the end came.

Delayed telegrams were received by the bereaved wife, too late for her to go east in time to be with her husband before his death and she has been notified that his remains were laid to rest in the cemetery near the town where he was employed.

A Quincy paper in a notice of the death of Mr. Rollington stated that "Mr. Rollington had a large circle of friends and acquaintances in Quincy to whom the news of his death is quite a shock, as it is of course to his relatives. He leaves his wife, who is a resident of this city and a number of other relatives. Earl Dumbauld of 830 Vine St., a mail carrier is a brother-in-law of the deceased. The sympathy of the friends and acquaintances of the family goes out to Mr. Rollington in her bereavement."

Mr. Willoughby was a member of Riggs M. E. church and was a young man who had many friends. No arrangements have been made for the funeral.

## Buckley.

Mrs. John Buckley, Jr., died at the family home, 313 South Main street Tuesday afternoon at 5:45 o'clock of pneumonia after a few days illness.

Deceased was the daughter of Mr. and Mrs. Peter Carroll and was born in this city 28 years ago and practically all her life was spent here. She was united in marriage to John J. Buckley, Jr., in this city, June 2, 1916. She is survived by her husband and one son, James Francis.

She also leaves her mother and two sisters, Mrs. Charles Arenz of Beardstown and Rose C. Carroll of Jacksonville and five brothers, William F. Carroll, John H. Carroll, Peter J. Carroll, George C. Carroll and David M. Carroll, the latter somewhere in France.

Mrs. Buckley was faithful member of the Church of Our Savior and was highly regarded by a large circle of friends.

A friend in the city has received word of the death of Miss Sallie M. Vaught. Miss Vaught was one of the assistant librarians at the state university and is a sister of Attorney L. O. Vaught of this city. The deceased has visited here a number of times and made many friends who will regret to hear of her death.

Mr. and Mrs. L. O. Vaught are expected to return to this city Thursday morning but it is not able to attend the services for his thought that Mr. Vaught will be sister, not having sufficiently recovered from the severe injuries received last July.

## Republicans of Illinois!

THE welfare of your country, the honor of your State and prudent regard for your own personal interests, all call you to vote next **Tuesday, November 5**, for these Republican candidates:

**For United States Senator—Medill McCormick**  
**For Congressmen-at-Large—William E. Mason and Richard Yates**  
**For State Treasurer—Fred E. Sterling**  
**For Supt. of Public Instruction—Francis G. Blair**  
**For University Trustees—Margaret Day Blake, Calro Trimble and John M. Herbert** (Women Vote for These)

It is equally important that you vote for Republican congressional, legislative and county candidates, to maintain, throughout the war, and afterward, the civilian morale and the efficient management of State and local affairs already established by Republican officials.

The great war to preserve Christian Civilization must be WON. America is in the war for that purpose—to end the war on a basis that will forbid its repetition. An inconclusive peace by negotiation or compromise is not to be thought of.

To achieve this unmistakable end, a Republican Congress—a Congress Republican in both branches—is essential. The imperative necessity of it is written on every page of Congressional history since America entered the war. Intelligent forecast of the future confirms it.

By Republican votes in Congress, and only by Republican votes, was America organized and armed for war in 1917. When Senators and Representatives of the President's party hesitated, quibbled and wobbled, Republicans were steadfast, and the aggressive patriotism which they expressed by word and vote in the halls of Congress was written with cold steel at Chateau Thierry, St. Mihiel, St. Quentin and the Argonne.

Now, with a victorious army in the field abroad, events day by day at home are emphasizing the imperative need of more Republicans in Congress—of a Republican majority in both House and Senate—whose courage, determination and traditions will be a guaranty that America's part in the war shall not be lost.

At issue in this election, too, is approval or disapproval of the splendidly loyal record of Illinois, in word and deed, under the inspiring leadership of Governor Lowden. And then the future—war problems and after-the-war problems of tremendous import.

For sixty years the Republican party has been the constructive party of State and Nation. Now, as never before in history, the interests of ALL the people demand that the constructive policy and constructive ability of the Republican party be employed in both State and Nation. The only means to that end lies in the election of the candidates named above and their fellow Republican candidates for the Legislature and County offices.

### YATESVILLE

The influenza epidemic in Morgan County has continued to spread during the past week until it has entered nearly every home in this little town. One death having occurred at this place the last Mike Cashion died Friday morning and was buried Sunday morning at Ashland in the Catholic cemetery, and one of his daughters is very ill with the same disease, pneumonia. Byron Weakly died Sunday morning in Princeton of pneumonia following an attack of influenza. Mrs. Moore of Alton is staying with her son, Ollie, helping take care of her daughter-in-law, who has been seriously sick. But is some better at this time. Mrs. Thomas Long of Ashland is visiting her daughter, Mrs. Lottie Edward, who is ill.

**PUBLICITY COMMITTEE VISITED MURRAYVILLE.**  
E. G. Saye, chairman, with J. S. Findlay and E. T. Pearce, members of the publicity committee of the United War Work Committee, made a trip Tuesday in Mr. Findlay's car to Murrayville in the interest of the work. At Murrayville these gentlemen were met by Harry Cade, Captain and Father Flynn, Lieutenant of the campaign committee of that precinct. The question of ways and means was thoroughly gone into and much enthusiasm on the part of the residents in that district was reported by Father Flynn. Starting on the return Mr. Findlay was so unfortunate as to strike a hole in the road breaking an axle of his auto, but thru the courtesy of Father Flynn a car was secured to take the party to Woodson where they boarded a train for Jacksonville.

**C. C. PHELPS DRY GOODS COMPANY WILL CONSERVE.**  
As will be noted from an advertisement appearing in this issue of the Journal, commencing November 1, the Phelps Dry Goods Co. will close at 5:30 o'clock every afternoon excepting Saturday when the hour will be 8:30 o'clock. This step has been taken with an idea of conserving light, heat and clerk power. There has been considerable talk among the merchants with regard to joint action being taken, setting the closing hour at 5 o'clock each day excepting Saturday. A great many of the merchants favor this idea for the duration of the war, but believe that if any such action is taken it should be unanimous. The public soon would learn to accommodate itself to the new order of things. No business would be lost and employers and employees alike would have more time to devote to their pursuits.

### BURGLARS ABROAD

Some unknown party entered the house of Mrs. Sarah Wannamaker at 3 o'clock Tuesday morning. Mrs. Wannamaker lives with her daughter and they are the only two occupants of the house. They heard a noise near one of the windows and were awakened. The man began pulling the covers off the bed. Mrs. Wannamaker asked what he wanted but he did not reply. At that she jumped from the bed and ran outside and screamed for Mr. Hall who lives across the street. It is supposed that the man was frightened by her screams and made his disappearance.

### MATRIMONIAL

#### Allen-Waddie

Last evening at 8:30 at the residence of Mr. and Mrs. Frank Tate, 129 South West street, the wedding of their daughter Laura Josephine Waddie and William Robert Allen took place. The wedding was a grand affair and witnessed by a large number of friends. The ceremony was frequently performed by Rev. George T. Shaw of Springfield, formerly pastor of Bethel A. M. E. church of this city. The house was beautifully decorated in a color scheme of white and green and the ceremony took place under a canopy of chrysanthemums and evergreen. As Mrs. Bevie Ross Fisher at the piano skillfully rendered the notes of the wedding march from Lohengrin, the bride approached on the arm of her father and took her place under the canopy. The bride and groom were attended by Charles Burghardt of Greenfield and Miss Jessie Allen, cousin of the groom. At the close of the ceremony many congratulations were tendered the young people. While a host of handsome and useful presents testified to the esteem in which the contracting parties are held by many friends. Nice refreshments were served and the entire affair was a good one without any of the usual tawdry natured charivari by a lot of boys of the immediate vicinity who were not persistent in their attentions.

The groom is an industrious young farmer and the bride is a young woman of many excellent qualities and both have the good wishes of a host of friends. They left on the 1:30 a. m. train for Chicago and expect to be at home to their friends at 429 South West street at 8 p. m., 9th.

## FROM COUNTY AGENT'S OFFICE

**Chinch Bugs and Covering Wheat With Straw.**—In parts of Illinois where the chinch bugs are in evidence it is not advisable to cover wheat with straw. Wheat covered with litter of any sort is almost always much heavier infested than where the damaged caused by the bug may more than offset the benefit from the straw. This caution will not apply to Morgan County as a whole but will apply to some parts of it along the boundary of Greene, Macon and counties and one or two other spots in the county where chinch bugs have been in evidence this season.

**Fall Plowing.**—With the prospect of a very serious labor shortage next year it is of the greatest importance to reduce in every way possible the labor requirements of putting in spring crops. The period of about April 1st to May 15th is the one in which practically all of the crops are planted in a normal season in the corn belt. It is the most prolonged rush period of farm work and the one which taxes the man and horse to the utmost. With these facts in mind it is of the greatest importance that fall plowing be pushed with more than usual energy in spite of the present labor shortage of corn picking and other fall work.

**Hogging Down Corn.**—A great many farmers in Morgan County are solving the problem of husking corn by letting the hogs do it. Quite a number are practicing this method of feeding for the first time. Where a farmer has corn and clover and soy beans and will give the hogs access to tankage in a self-feeder he will quite likely get out of his herd about all that is possible to get out of them.

**Bot-Flies.**—The most recently developed method of combating the common bot-fly of horses in to rub the hair on the fore legs, throat and shoulders of the animals with a two per cent solution of carbolic acid. Care should be taken to rub the solution on the hairs wherever the bot-flies are noticed. Kerosene rubbed on the eggs does not prevent them from hatching. The flies which lay these are the parents of the bots which attach themselves to the walls of the horse's stomach and impair the digestion. The larvae are taken into the mouth by means of the horse licking the hairs on its legs or body and then move to the stomach where they feed during the winter. The flies are in great numbers in the fall and are a source of great annoyance to horses.

## D. E. SWEENEY RETURNS FROM BUSINESS SESSION

Supreme Officers of Catholic Knights of Illinois Transacted Business—Meeting was in Lieu of Regular Convention.

D. E. Sweeney has returned from Belleville, where he attended a meeting of the supreme officers of the Catholic Knights of Illinois.

It was the time for the regular convention of the order. However, because of the war and other things the convention was not held this year. The officers met and transacted the routine business and audited the books. Mr. Sweeney is Supreme President of the order. He, in company with the custodian of the funds was instructed to purchase \$3,000 of Fourth Liberty Loan bonds. The custodian also was instructed to use the accumulation of interest from funds invested to buy liberty bonds of the next issue.

The audit of the books showed the affairs of the order to be in excellent financial condition. The order has frequently shown its patriotism by the purchase of Liberty Bonds and other government securities.

## WELL KNOWN WHITE HALL CITIZEN DEAD

Frank Leslie Grant Passed Away at Greene County Home—Well Known as Contractor and Builder.

White Hall, October 29.—Frank Leslie Grant, well known as a contractor and musician, died at his home in White Hall at 1:15 o'clock a. m. Sunday, following an illness of ten days with bronchial pneumonia. This is the sixth death growing out of the present epidemic at White Hall.

Mr. Grant was the second son of Mr. and Mrs. T. J. Grant, and was born and reared at White Hall, his birth occurring January 14th 1881, making his age at death 37 years, 9 months and 13 days. He followed the footsteps of his wealthy sire as a builder and musician, and it is along these lines that he became well known and a man of considerable means. A man of quick perception and more than average intelligence, he became proficient in both these lines while yet a boy.

**Leader in Community Life**  
By occupation a brick mason, he could see tangible evidence of his handiwork, and shortly after attaining his majority he took up contracting, along which line he was eminently successful, some of his contracts embracing the new school buildings at Roodhouse and Murrayville, the extension of the shoe factory at Jerseyville, and residence contracts at Greenfield, Hillview and other surrounding towns, including the George McClay residence at White Hall, the W. W. Evans garage and the Princess theatre at White Hall all of which and still others are notable achievements of the ability and genius of the youngest contractor in Central Illinois.

As a musician his favored instruments were the cornet and violin, and he was recognized not only as a performer, but also as a leader, and he again followed the footsteps of his father in the leadership of the White Hall band and also directed orchestras here and elsewhere. Just a few weeks before his death, recognizing the loss of band men over the county as practically stripping every one of the six band organizations, he had begun negotiations by mail with the band leaders of the county, looking to the organization of a new available picked men of the county to meet the growing demands for the farewells to departing soldiers and later be in proper condition to greet their return. In this he was moved by patriotic impulse in meeting a growing necessity, and in which he had gained a measure of progress at the time of his fatal illness.

**In Spanish-American War**  
When the Spanish-American war broke out our subject was only seventeen years of age, yet he succeeded in enlisting in the Regular Army at Fort Monmouth, N. J., as a private, and after the preliminary training there, he was assigned to Troop H, Eighth Cavalry, as a bugler and later became a member of the regimental band. He was stationed at Fort Meade, S. D., for two months and was then moved to a southern camp preparatory to embarking for Cuba. He had hardly become inured to the Cuban campaign when an illness necessitated his being taken to a hospital, where he developed typhoid fever, and there he lingered for months before his condition was such that he could be discharged and sent home almost a wreck of his splendid physical manhood. He apparently completely recovered, however, and took up the pursuits of peace with the marked success here enumerated, and during all the years since he has had a profound interest in military affairs, being one of the best posted along that line in the community.

He and Miss Florence Stout, the latter of Greenfield, were married in 1906, the ceremony taking place in Springfield, and she survives, together with his parents, a brother and a sister.

**Life Record of Achievement**  
It is seldom that the varied activities and achievements of one so young in years can be recounted, and they are the results of mental poise and action out of the ordinary, reflecting in a degree traits of America's most famous general of the same name. Such a life record grows out of superior mental qualities and executive ability. He amassed a fair competence, evidence also of financial genius. This is summed up in the words the life activities of a most remarkable character who has been intimately known to the writer throughout his life, and as in most such cases, his value was not measured at its full worth until death has removed him from earthly walks.

Funeral services in keeping with quarantine regulations were held at 1:30 o'clock Tuesday under the direction of the local lodge of Knights of Pythias, of which deceased was a member. The remains were escorted to the White Hall cemetery, where brief services, including remarks by Rev. Leo Howard, pastor of the Methodist church. A male quartet sang and then followed the beautiful committal service of the fraternity.

## FORMER RESIDENT VISITING IN CHAPIN

S. B. Dooley Returns After Absence of Forty Years—Funeral of John McDaniel—Chapin News Notes.

Chapin, Oct. 29.—S. B. Dooley and daughter, Mrs. Effie Stevenson, of Colorado Springs, visited old friends here for some days and then went to Beatrice, Nebraska, to visit there. Mr. Dooley lived here 40 years ago and was a member of the firm of Ticknor and Dooley grain merchant to see him but we are told that he looks natural, except being older.

A. L. French is reported sick with influenza. His condition was improved on Monday morning.

Miss Carrie Johnson returned Friday from Louisville, Ky., where she had been visiting her niece, Mrs. George Cain. Mrs. Cain had a spell of influenza, and took a relapse, but is now well along towards complete recovery.

Andrew Allen was a Winchester visitor Sunday afternoon. Marion Henderson went to Jacksonville Friday evening for a stay of a few days.

People in this vicinity will be interested to know that John C. Eskeu is doing well in Greene county. He moved from the J. Z. Fox farm last winter. A letter recently received by one of his old neighbors, states that he is "raising cane" down there. He made 79 gallons of sorghum molasses of his own raising. He hopes to do better next year. It sold at \$1.50 a gallon.

The funeral service for John McDaniel was held at the home in Chapin. Rev. J. E. Herbert read a scripture lesson and offered prayer but the songs and sermon were omitted on account of the serious illness of his mother, Mrs. McDaniel. Burial was made in Jordan cemetery, east of the village.

H. O. Woodward, wife and two children, came home for a visit Sunday on the early Burlington train from Chicago. Hal is in the claim department of the Burlington and had to return Sunday night after a brief visit at the home of his father, Walter Woodward. Mrs. Woodward and children will remain for a while to visit at the home of her parents, Mr. and Mrs. F. E. Blair. They are all quite well.

Mrs. Harris Robinson, of Petersburg, has been visiting her parents, Mr. and Mrs. J. Z. Fox, and other relatives for two weeks. She expects to return to her home the first of the week.

Born, October 24, to Mr. and Mrs. J. O. Wimberly, a fine son. The baby is being cared for by Mrs. J. F. Burnham, and is doing well. Mrs. Wimberly has been suffering with double pneumonia, but is said to be improving. Mrs. Wimberly has many friends who certainly hope for her speedy recovery.

Wilbur Alderson is suffering from the effects of the "flu." We had quite a rain Saturday night and Sunday morning which filled the cisterns.

## HEALTH TALK.

SPANISH INFLUENZA OR GRIP By Dr. Lee H. Smith.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Anuric tablets were first discovered by Dr. Pierce, and as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.

It is important that broths, milk, buttermilk, ice cream and simple diet be given regularly to strengthen and increase the vital resistance. The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Irontic" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery.

### GEORGE W. WRIGHT PASSED ON TUESDAY

Man Prominent in Cattle Industry of County Died in Springfield—Funeral Will Be Held at Franklin.

John G. Reynolds received a telegram Tuesday announcing the death of George W. Wright of this city which occurred at the Prince hospital in Springfield. Mr. Wright had been in poor health for several years and had also suffered from eye trouble. He was taking treatment for this when death came.

George W. Wright was the son of William and Ella Ann Wright who came here from Kentucky in the pioneer days. He was born in the vicinity of Franklin January 1, 1884 and his entire life was spent in this vicinity except for a brief period when he was engaged in the cattle business in Kansas City.

Early in life Mr. Wright entered upon a career of cattle buying and selling. He was one of the largest dealers in this part of the country and was accounted most successful in his business. He followed that occupation through the years his dealings carried him into many counties and several states and he formed a large acquaintance.

1912 Mr. Wright who had never asked for political office became a candidate on the Democratic ticket for coroner and received the nomination and was elected. He served for four years in a most acceptable manner and gave the same attention to the duties of his office that he had given to his private business.

Mr. Wright was a man of generous impulses and his benevolences and charities distributed in an unostentatious manner nevertheless covered a wide scope, and many citizens of this county can attest to this. He was true in his friendships and upright and honest in his dealings. It may truly be said of him, "He was a good man."

Mr. Wright was married at Virden and his widow survives. She has been in poor health for a number of years and has been making her home with her daughter, Mrs. Otis Calky of Forgan, Okla. Another daughter, Miss Margaret Wright also survives. He leaves three sisters, Mrs. Eli Seymour, Mrs. Thomas Luttrell, both of Franklin and Mrs. E. E. Fletcher of Girard and one brother, Henry Wright of Franklin who was with him when the end came. He was an uncle of Mrs. O. F. Buffe and Mrs. C. B. Powell of this city.

During the Civil War he heard the call of his country and enlisted and was a member of the 122nd Illinois Infantry. He was a member of Matt Starr Post G. A. R. and a member of Uralia Lodge No. 243, I. O. O. F.

The remains were brought to Jacksonville by J. G. Reynolds and taken to the Reynolds' parlors. No arrangements have yet been made for the funeral. However, it will be held in Franklin the time to be announced later.

### MANY WOMEN AT THE POULTRY PLANT'S

Poisons Formerly Held By Men Now Open to Them and at Satisfactory Wages.

The heavy demand which the selective draft is making upon labor is being felt by all industries and the poultry plant is no exception. This is true of the poultry business and the wholesome firms are now employing women for much of the work that was formerly done altogether by men and boys. And the women workers are able in a short time to do the work as efficiently as the men workers.

The process of plucking the fowls is still performed by men but the finishing up process is being done by women. This is called "tipping" and "pinning" and when the women have become experienced in the work they are able to earn good wages. During the period until this stage is reached they are paid a fixed wage, and as soon as they are able to make higher wages they are put on piece work.

That they would avail themselves of this opportunity to earn money if they understood just what the work was like, is the opinion of E. W. Joyce, local manager of the Swift & Co. poultry dressing plant. The working conditions are excellent as the workrooms are clean, warm and sanitary in every way. The months of October, November and December are the busiest ones in the poultry industry and the dealers are now paying higher prices than would have been thought possible formerly. The women of this city and community are thus afforded an excellent opportunity to earn additional money.

**C. C. PHELPS DRY GOODS COMPANY**

**NOTICE TO FAIR MINDED PEOPLE**

Some modern Ananias has started a bald-faced untruth to the effect that I am not a taxpayer. If this converter of truth will go to the assessor's office in the court house he will find that I have been assessed on the property known as 422 South Clay avenue for nearly forty years. In addition to all this special assessments for sewer, street paving and concrete walk. Then if he wants to go as far back as the Civil War, and look up my record in the war department he will find that I paid an income tax on my salary as a commissioned officer in "the army" and that I received 25 cents a day as ration money for the nearly nine months I was a guest in Hotel de Andersonville.

As Grover Cleveland said in the celebrated Halpin case, "tell the truth." If you do I am willing to abide by the decision of the fair-minded public and will leave my case in the hands of the patriotic people of Morgan county, regardless of "party" as to whether I am worthy of their support. Liars and defamers of character, either socially or politically, need not apply as I would rather be defeated than pander to them for their votes for public office. Ordinarily I would not have paid any attention to this last "horror" but it is such a dirty, infamously bald, bare-faced lie that I could not let it pass without setting myself right before the public. I hope what I have said will be read and considered by the more than five thousand people who take this paper which circulates in every town and voting district in Morgan county and will only be too willing to abide by their verdict.

Yours for fair play,  
J. M. SWALES,  
Candidate for County Commissioner.

**FOR SALE**  
100 bushels of fancy hand picked apples in Chambers orchard, Naples, Ill., \$1.25 per bu. James Chambers.

**THE SOCIAL SERVICE LEAGUE AND THE INFLUENZA**

The epidemic of the past few weeks has made many demands on the Social Service League. Families who have never had to ask for assistance, have been forced to do so at this time. Food there must be and nourishing food, for complete recovery from sickness. After the patient is up and the Red Cross is no longer called upon to send in prepared meals it is vital that he have such things as in ordinary times probably do not enter the house. Also coal is needed and the rent becomes due. Everyone realizes the increased anxiety of the head of the family who is down and cannot meet the bare living expenses. If there is anyone who cares to lighten the burden of a family at this time communicate with the Social Service League.

Sergeant A. V. Conroy of the Third Battalion First Canadian Expeditionary forces is in the city to assist in the campaign for the United War work fund.

Tuesday evening Sergt. Conroy addressed the men of the S. A. T. C. unit of Illinois college in Jones Memorial hall. The men marched to the hall and Sergt. Conroy was escorted to the campus by John J. Reeve and introduced by President Rammelkamp.

The address of Sergt. Conroy was filled with interest to the men. He told of his actual experiences during the war. He took part in many battles and was several times wounded. The last time so severely that he was sent to Canada to recuperate in a Canadian hospital.

Being among the first Canadians to reach France Conroy was in many of the principal battles of the early part of the war, among them the battle of Langemarck and the Battle of Ypres.

Perhaps the thing that interested the Illinois military men the most was the sack of souvenirs which Sergt. Conroy displayed. These souvenirs all had some history connected with his war experience.

Among them was a pair of slippers taken from a German captured by the sergeant and who proved to be a company barber. Buttons from his coat that were broken by shrapnel. The piece of shrapnel that killed his comrade and others equally interesting.

Today at noon a conference of chairmen from the various counties of the district will be held at the Peacock Inn. Sergt. Conroy will be one of the speakers and Mrs. A. Starr Best of Chicago, one of the National speakers of the United War Work council will be present and speak. Mrs. Best has been secured by Mrs. Paul Samuel and will be in Jacksonville today.

### MEETING OF PASSAVANT HOSPITAL TRUSTEES

The trustees of Passavant hospital met yesterday morning at nine at the call of the executive committee. The principal object of the meeting was to consider the financial problems now confronting the body. The new building is approaching completion, the additional new boiler for heating purposes is here and not set; the connection between the boiler house and the steam pipes in the buildings has not been made as the new building is not completed. To accomplish this will require \$15,000 more than is on hand and in sight and the question is how to get it.

The feeling was strongly expressed that the churches of Jacksonville took the hospital as their especial work and responsibility and they fail to realize the importance of their trust and their just responsibilities in the matter. Then too, the hospital is not for Jacksonville alone but for Morgan county in general and adjacent territory as well. It is distinctly a religious charitable enterprise and thus is entitled to the encouragement and support of every one living in a territory tributary to the institution. The hospital struggles hard to come out even at the end of the year and has hard work to do it. It should be borne in mind that any person even paying the highest rates they are getting a large value in addition. For \$15 to \$25 and \$30, a week services are received there which would cost far the same at home \$40 to \$50 with all the trouble and annoyance of sickness in the house.

After a number had spoken it was finally decided to make a strenuous endeavor to interest the whole tributary community, city and adjacent territory in the work and make a call at the proper time but in view of the effort soon to be made for the seven war organizations which calls for \$81,000 from Morgan county it was deemed wise to postpone active solicitation at present.

Messrs. H. J. Rodgers, Walter Ayers and Thomas Harber were made a special executive committee to have charge of the matter of instituting a campaign for raising the needed funds. It was also urged that while they are about it enough more should be secured for a much-needed laundry.
